Product: WATERPROOF COAT

Manufacturer: -

Modelno: AJ-106

Made of polyester fabric coated with polyvinyl chloride. The product is used in every place where the work is done in difficult and unfavourable weather conditions. It is designed with a permanent easy-to-adjust hood and inside pockets. Owing to two-sided welding of seams with high frequency current the product protects against strong wind and rain. The product conforms with the EN 340 and EN 343 standards.
