Product: Waterproof warning clothing set

Manufacturer: -

Modelno: AJ-1101/1011

Material .. 350 g / m²
EN ISO 13688, EN 343, EN ISO 20471
The clothing set contains a 3/4 length jacket and a bibpants. Warning clothing was manufactured using the technique of pressure welding on both sides, which essentially increases the resistance of the seams. The attached warning strips have the effect that the product increases the safety of the user during the work carried out under different visibility and weather conditions.
Intended for use in adverse weather conditions when visibility is restricted. It offers effective protection against wind and rain. Visibility class 2.
Widely used in industry, road construction, construction, services, colors of the product are aimed at the sectors in which the employees must be visible, e.g .: roads, drilling rigs, boreholes, refineries, mine rescue services.

Price: 122,00 EUR
