EN 340 - Product meets the standard "GUARD CLOTHING. GENERAL CLAIMS & quot;

EN 343 - Product meets the standard "GUARD CLOTHING. RAIN PROTECTION "

-50 ° C The product is resistant to kneading under zero temperature.

EN 1149-5 - Product complies with the standard "GUARD CLOTHING. ELECTROSTATIC PROPERTIES "

Made of polyester fabric with PVC coating. The product consists of a 3/4 jacket with covered (pleated) snap fastener to protect the employee from electrostatic charges and dungarees. In extremely severe weather conditions, the hood designed as a head protection can be used. In combination with the dungarees, the product offers all-round protection against rain and wind and allows you to carry out work in potentially explosive areas.

The delivery time of these products is 14 days.
