Product: WATERPROOF OVERALLS

Manufacturer: -

Modelno: AJ-304/K

grammage: 700 g / m² and partly 350 g / m²
EN ISO 13688, EN 343

The one-piece overall was manufactured using the technique of pressure welding on both sides, which essentially increases the resistance of the seams.
For use when working in sewers that require it. Can be used in bad weather conditions and limited visibility. The product offers effective protection against wind and rain.
Energy industry, metallurgy, electrical engineering, construction, water and sewerage industry, sanitary installations

Price: 210,00 EUR
