Product: Waterproof clothing set

Manufacturer: -

ModelNo: AJ-102/013

Material: 350 g/m²;
EN ISO 13688, EN 343

The clothing set contains a smock-shaped jacket and bib pants. It provides effective protection against wind and rain. The clothing is made using the technique of double welding, which increases the strength of the seams. The vestibules protect against getting water into the sleeves and the legs.

Price: 106,00 EUR
