

Product: WATER SAFETY OVERALL

Manufacturer: -

Modelno: AJ-104

Material :350 gram/m²
EN ISO 13688, EN 343

The overall offers effective protection against wind and rain. It was manufactured using the technique of pressure welding on both sides, which essentially increases the resistance of the seams.

Intended for use in bad weather conditions. The product offers effective protection against wind and rain. Developed, among other things, for employees of oil platforms and wherever overalls are required.

Metallurgical industry, mechanical engineering, mineral and food processing, drilling platforms (construction of metal structures), construction
