Product: waterproof bib pants

Manufacturer: -

Modelno: AJ-1011R

Material .. 350 g/m²
EN ISO 13688, EN 343, EN ISO 20471
The dungarees were manufactured using the technique of pressure welding on both sides, which essentially increases the resistance of the seams. The attached warning strips ensure that the product increases the safety of the user during the work being carried out under different visibility and weather conditions. Intended for use in adverse weather conditions when visibility is restricted. It offers effective protection against wind and rain. Widely used in industry, road construction, construction, services, colors of the product are aimed at the sectors in which the employees must be visible, e.g .: roads, drilling rigs, boreholes, refineries, mine rescue services.

Price: 79,50 EUR
