Product: Chest waders model, strong

Manufacturer: -

Modelno: SB01 STRONG

Specific features: - anti-slip boots - increased stitching strength - inner pocket - rubber adjusting girth - comfortable braces

Norms:
EN ISO 13688 EN 343 EN ISO 20347 - OB SRC

Waterproof trousers with high resistance to mechanical damage, with permanently welded non-slip boots. Manufactured from very durable plastic, maintenance-free. The upper layer reduces the risk of cuts and punctures. Rubber band to adjust the size to the chest circumference. Double sided sealing technique increases seam strength. Inner pocket for easy document storage.

Material
RUBBER - new concept of coated material. It is very strong resistant to tearing and has waterproof stitching. It that does not require maintenance. Top layer with low friction reduces risk of intersection and puncture.

Price: 109,00 EUR
