Product: WATERPROOF OVERALLS WITH PVC BOOTS

Manufacturer: -

Modelno: AJ-104/K

weight :700 gram/m²;
EN ISO 13688, EN 343

The one-piece overall was manufactured using the technique of pressure welding on both sides, which essentially increases the resistance of the seams. The welded-in rubber boots offer permanent protection against the ingress of water.

For use in work that requires wading in poor weather conditions. The product offers effective protection against wind and rain.

Metallurgical industry, mechanical engineering, mineral and food processing, drilling platforms (construction of metal structures), construction
